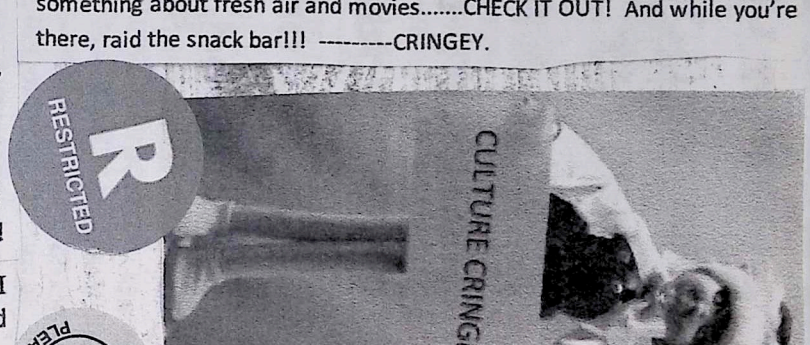
Midnight Hour (TV 1985)
1999 Anchor Bay VHS release

vhs + laserdisc > dvd

OK so back in 2000 or so I went to BIG LOTS (you know, the one next to Kmart) and it was around Halloween so they had this HUGE display of cool new horror releases on sale. Lots of Dario Argento, Dawn of the Dead, and then something caught my eye....The Midnight Hour....where have I seen this one before?? OH YEAH! I remember, it was a "made for the boob-tube" movie back in the 80s that I saw as a kid!! SOLD! I took it home, and suddenly it all came back. Sleepy small northeastern town, Halloween, witches, curses, and Levar Burton! A group of "teens" awaken an ancient curse upon their hometown while trying to do something cool on Halloween---well, I won't spoil it for ya. But there's plenty of cool stuff in the movie!! Seriously. Just let me say that there is a party scene to "How Soon Is Now" by The Smiths..and Dick Van Patten!

Well, unfortunately, this movie is WAY outta print these days. Actually, I sold that copy from Big Lots on eBay years ago for $75. Before I mailed it, I duplicated it and photocopied the cover, so I still have it.....ha! What I'm trying to say is that IF you ever see a copy of this movie, BUY IT!!!

...et out there and support Bucket City's local businesses!!! And while you're at it, support the regional DRIVE-IN theaters! If you don't know, there's one WATERTOWN TN (which is only a hop-skip-and jump away), and one in WOODBURY TN (even closer)! I can tell ya, I saw most of the formative movies of my life at the drive in back in the 80s. Police Academy, RoboCop, House, and Revenge of the Nerds 2 are some that spring to mind. There's something about fresh air and movies.....CHECK IT OUT! And while you're there, raid the snack bar!!! ---------CRINGEY.



the same.....

CULTURE CRINGE will soon be releasing our first self produced short film, called THE STENCH. THE STENCH is about an evil odor that has been dormant for years....only to be unleashed on some unsuspecting campers. Can you handle THE STENCH?? Would it help if I told you that it was going to be released on limited edition "extra stinky" VHS and come with a CULTURE CRINGE barf bag? Well then, get ready because it should be arriving in May!!! Bucket City will never be
